James and others -

Apologies for not responding sooner, other assigned duties are a bit of a distraction at present but I've had a bit of time this afternoon to review. There are several questions that I have as well as suggested edits if you are amenable I will be provide tomorrow? Regarding who submits? Either you or I can do so, you choice but Jacques (aka Jack) Oliver is anticipating the submittal.

I did have an opportunity to talk with Jack Oliver via email about the application and he confirmed that it isn't too late to submit and he has been thinking about the NM on-going work and thought it would be a good candidate. In terms of task(s) to be completed, he indicated that ideally the task(s) are well refined with clear deliverables all of which will assist assigning the work to the open task order.

Subject: RE: N-STEPS request

Forrest:

Please see attached for a revised proposal. Note a couple places highlighted in yellow where we could use your input.

Will you submit this on behalf of the region or should NMED submit it?

Thanks  
James

Hi Forrest –

Updated based on our conversations. Please let us know if we need to do anything else based on your conversation with Jack Oliver.

Shelly – can you and/or Seva look this over, particularly the scope of work portion, and edit/ update as appropriate

Thanks  
James
